DETAILED ACTION

Allowable Subject Matter

1. Claims 1-6 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record fail to disclose an apparatus, in combination with other cited limitations, comprising a write pointer circuit coupled to the demultiplexer circuit to provide a write pointer address for the selected bit location to the demultiplexer circuit; and being responsive to an input signal to set the write pointer address to a predetermined value; and a multiplexer circuit coupled to the register and to the write pointer circuit to provide a data output, the data output being at least one of a selected bit of a selected bit location in the register or a selected bit of the write pointer address as recited in claims 1 and 4.

Claims 2-3 and 5-6 are therefore allowed because of their dependency on claims 1 and 4; respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
